

Subject: Internships (Rolling) – Adaptation and Resilience/Climate Policy/Energy Transitions/Environmental Governance and Policy

About the Sustainable Futures Collaborative (SFC)

The Sustainable Futures Collaborative (SFC) is an independent and non-profit research organisation that

- Analyses issues at the frontier of addressing climate change, managing the energy transition, and limiting environmental threats in India and globally;
- Informs policymakers, stakeholders and the public about key policy and governance levers, and their implications; and
- Accelerates the transition to an environmentally and socially sustainable future by enabling strategic action for systemic change.

Description and application instructions

SFC is accepting internship applications for each of our areas of work:

- [Adaptation and Resilience](#)
- [Climate Policy](#)
- [Energy Transitions](#)
- [Environmental Governance and Policy](#)

Please send in your application to recruitment@sustainablefutures.org with the subject line 'Application: Internship (name of the research area)'. Applications should include:

- A CV
- A cover letter describing what skills you bring to the particular research area and how SFC can help you in your long term goals
- 2 writing samples, ideally published

Tentative start date

Note: This is a 2-month-long internship based out of our New Delhi office. We review applications on a rolling basis. Kindly submit your application at least 8 weeks before your desired start date, indicating the tentative commencement date in your email. Our team regularly evaluates applications, and if you haven't received a response within 4 weeks of submission, we regret to inform you that your application was not successful.

Stipend: A nominal monthly stipend will be provided.
