

Call for interns

Sustainable Futures Collaborative

The Sustainable Futures Collaborative (SFC) is an independent and non-profit research organisation that:

- Analyses issues at the frontier of addressing climate change, managing the energy transition, and limiting environmental threats in India and globally;
- Informs policymakers, stakeholders, and the public about key policy and governance levers, and their implications; and
- Accelerates the transition to an environmentally and socially sustainable future by enabling strategic action for systemic change.

Work Description

We are looking for a legal intern to support our ongoing research and analysis on climate legislative frameworks in India and globally.

Scope of work:

- Desk research on various legislative frameworks related to climate change and environmental law at the global, national, and sub-national levels
- Support in the conduct and compilation of interview notes and other field research
- Other related work as required

Qualifications

- Undergraduate degree in law from an Indian university
- Awareness of legal frameworks related to the environment in India
- Fluency in English and Hindi

Period: Minimum of three months

Location: New Delhi

Remuneration: A basic stipend will be provided for meeting living expenses in Delhi

Interested candidates are requested to send their CV to neha@sustainablefutures.org, along with a short cover letter explaining their interest in the role. We are hiring immediately, and all applications will be reviewed on a rolling basis.
